Forecast For East of England
Issued by Met Office Exeter
at 0400 on Monday 25 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
A return to less cold but unsettled weather this week.

Today:
After a frosty start with icy patches it will be a dry but cold day with long sunny periods. Winds will be mainly light. Perhaps a little more cloud at times in the west. Maximum temperature 4 deg C (39 deg F).

Tonight:
Long clear spells overnight with another sharp frost and icy patches on untreated surfaces. Light winds inland but breezy along the Norfolk coast. Minimum temperature -4 deg C (25 deg F).

Tuesday:
It will be a frosty, dry, bright start on Tuesday. Cloud will thicken through the morning with rain arriving from the west during the afternoon, turning locally heavy later. Maximum temperature 4 deg C (39 deg F).

Outlook for Wednesday to Friday:
Less cold, unsettled with periods of rain, heavy in places overnight Wednesday into Thursday and again on Friday. Windy at times.
